

Team

Who are we?

Switzerland

We are a team of four women and four men who manage the foundation in a honorary capacity. All of them have been on site in India, some of them regularly. We maintain intensive contact with the local organisation ASS.

Dr Alberto Anwander

India

The ASS (Adivasi Sahayta Samiti) in India is the organisation which ensures that the Foundation's purpose is put into action: Help in favour of the poor. All eight members of the ASS also work on a voluntary basis.

Projects

How do we help?

Shelter & Welfare

We offer orphans and half-orphans a loving home so that they can grow up in a protected environment. Since 2008, elderly poor people have found a dignified home at Margret's Residency.

School & Work

Thanks to sponsorships and donations, we enable children from the village, town and home to receive a valuable school education. Afterwards, we support them on their way to a profession or to university.

Health & Dignity

Our medical team provides free care to the poor. In Margret's Poor Kitchen, hot lunches are distributed daily to destitute people.

Values

How do we proceed?

Motivated

We base our work on Christian values and are continuously motivated by our sincere concern for the deprived. The dignity of every human being is at the centre of our commitment.

Simple

Our approach is simple: We see people living in need and poverty. As we are in a position to help, we do so.

Direct

We help directly and personally. We distribute food, offer a home and clothes, provide health care and support education from Kindergarten to University. We welcome everyone's help and support. All donations go to the needy.

Unconditional

Our giving is unconditional. The criteria is poverty, regardless of religion, age, race or gender.

Proximity

Proximity to the people is very important for us. We cultivate dialogue and maintain open and honest conversation.
